- **Autonomy-** The legislation seeks to grant greater administrative, academic and financial autonomy to these IIMs.
- The institutes will be made free of government interference and will be board-driven.
- **Offer degrees-** The legislation would grant IIMs power to award *full-fledged degrees* instead of diplomas.
- **Board of Governors-** It is the *executive body* of each IIM, comprising up to 19 members.
- In 19 members, 2 members will be nominees from the central and state governments, respectively. The Board appoints its own Chairperson.

What is the need for amendment?

- **Tussle with director-** At IIM Ahmedabad, faculty and alumni were up in revolt against the then director's decision
 - To change the institute's logo
 - To demolish the Louis Kahn structures on the campus which are widely regarded as among the architectural marvels of our times.
- At IIM Calcutta, the majority of faculty signed a petition against the director's way of functioning.

- The Board of Governors took the extraordinary step of curtailing her powers following which she left before the end of her term.
- **Legal battle**- At IIM Rohtak, the government is locked in a legal battle with the institute over the director's continuance in office.
- **Low rank of IIMs**- Evidence suggests that some IIMs lower in rank unchallenging power of Director.
- **Fee structure**- There is a rise in the fee for the MBA course, which is not related to the costs of the course.
- **Lack of accountability**- The Board of Governors' role is ineffective as there were only 2 Government nominees who played a passive role.
- The other members have no stake in respective institution and no incentives to exercise the necessary oversight.
- **Governance vacuum**- The Act requires Board of Governors (BoG) to commission an independent review of the institutes at least once every 3 years and place the report in the public domain.
- Among the top four only the review report of IIM Bangalore is available on websites.
