ATTACKS ON GAZA

- The Israeli military launched a ground invasion of Gaza, saying it aimed to stop rocket fire and destroy tunnels leading into Israel.

- **2023 war-** The Hamas group launched surprise attack on Israel on October 7, 2023.
- **Reasons-**
 - No movement on the stalled Israeli-Palestinian peace talks for several years now
 - Israeli government has talked of allowing the expansion of Jewish settlements on Palestinian land, and of the possibility of annexing part of the West Bank
 - Growing perception in Palestinian society that Israel's diplomatic recognition and political acceptance is on the rise

What is India's stand on Israel Palestine conflict?

- **Post-independence-** Both Jawaharlal Nehru and Mahatma Gandhi vowed to support the Palestinian cause as they rejected the idea of two nations on the basis of religion.
- **Regarding Israel-** India announced its recognition of Israel on 1950 and established diplomatic relations in 1992.
- India voted against UN Resolution 181 (II) in 1947, which partitioned Mandatory Palestine between Jews and Palestinian Arabs.
- India also voted against Israel's admission for UN.
- **Regarding PLO-** In 1975, India recognised Palestine Liberation Organisation as the sole and legitimate representative of the Palestinian people and permitted it an independent office at New Delhi.
- It came up with a strong statement of solidarity for Palestine in Non-Alignment Summit 1983 that was held in Delhi.

India was one of the last non-Muslim states to recognise Israel, and the first non-Arab state to recognise the PLO.

- **Cold war dynamics-** The end of the Cold War weakened the Non-Aligned Movement and reduced the ideological hostility towards Israel.
- **Kargil war-** Israel supported India with arms during the Kargil conflict in 1999.
- **2023 war-** India believes in its long-standing support for the establishment of a "sovereign, independent and viable" state of Palestine. India has expressed its support for Israel condemning the terrorist attack by Hamas.

***Operation Ajay** was launched by the Indian government to repatriate Indians from Israel and Palestine through special chartered flights.*

What lies ahead?

- The normalisation of Israel and Palestine cannot take hold truly unless past annexations and other points of concern are not resolved.

- For a lasting peace and stability in the region, their focus must turn to finding a solution to the question of Palestine.
- India needs to engage with all sides in the complex West Asian region as 90 lakh strong Indian community in the region and connectivity to West Asia and Europe.

Mahatma Gandhi's stand on Jewish nation state in Palestine

- Gandhi wrote an article 'Jews' in Harijan newspaper where he deeply sympathized for the Jewish people who had historically been unjustly persecuted for their religion.
- **Untouchables-** They have been the untouchables of Christianity. The parallel between their treatment by Christians and the treatment of untouchables by Hindus is very close.
- Mahatma declared that for the cause of humanity and to prevent the persecution of the Jewish people, even a war with Germany would be "completely justified".
- But he did not support the creation of Jewish state in Palestine as
- Palestine was already home to Arab Palestinians and the settlement of Jews, which Britain actively enabled was fundamentally violent.
- The idea of a Jewish homeland was fundamentally antithetical towards their fight for greater rights elsewhere in the world.
- **Influence on India's foreign policy-** Gandhi's opinions, and his own anti-imperialism had a profound impact on Jawaharlal Nehru, and was responsible for shaping the nascent country's foreign policy for decades.
