

Jerusalem as Israel's Capital - US

Why in news?

\n\n

- \n
 - U.S. President Trump reversed the decades old policy, and recognised Jerusalem as the capital of Israel.
- \n
 - The US administration would also begin a process of moving the U.S. embassy in Tel Aviv to Jerusalem.

\n\n

What is the tussle with Jerusalem?

\n\n

- \n
 - Jerusalem is in ways symbolic of the Israel-Palestine conflict itself.
- \n
 - The tussle centres on who gets to control the ancient city that is sacred to Jews, Muslims and Christians.
- \n
 - After the end of the First Arab-Israel War in 1948, Jerusalem was partitioned into West and East, under Israeli and Palestinian control respectively.
- \n
 - But in 1967, during the Six-Day Arab-Israel War, Israel snatched East Jerusalem from Jordanian forces.
- \n
 - Israel's Parliament also declared the territory had been "annexed to Israel" and Jerusalem had been "reunited".
- \n
 - The predominantly Palestinian population in the east lives under full Israeli control, but cannot vote in parliamentary elections.
- \n
 - This marginalised the Palestinians, who wanted East Jerusalem to be their

capital under the “two-state solution”.

\n

- Israel was undeterred by the refusal of the international community to endorse the annexation.

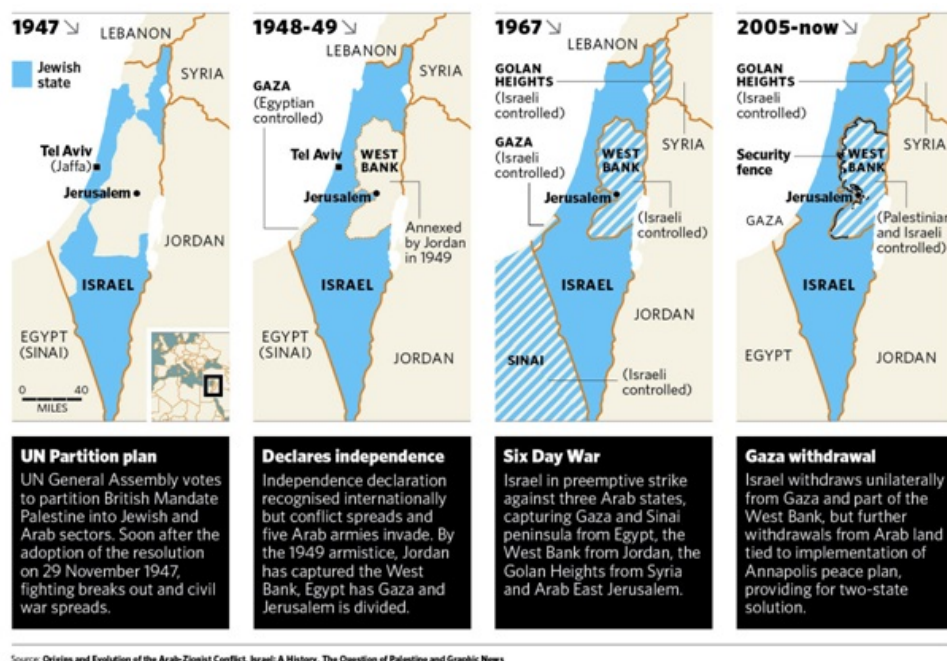

\n

- It further added over 200,000 Jewish settlers to the once-almost entirely Arab East Jerusalem.

\n

\n\n

\n\n

\n\n

\n

- Meanwhile, in 2016, the UN reaffirmed that Jerusalem’s Palestinian territories were under “hostile occupation”.

\n

- The international community considers east Jerusalem illegally occupied by Israel.

\n

- Notably, foreign embassies to Israel are in Tel Aviv and not Jerusalem.

\n

- India for its part has traditionally backed a two-state solution, and assured that the Indian embassy would stay in Tel Aviv.

\n

\n\n

What is the significance of the US's move?

\n\n

\n

- **Jerusalem** - Jerusalem is almost the key to stability of the entire Middle East.

\n

- It has many shrines that are equally significant for the Jews, the Muslims and the Christians.

\n

- Trump's move reflects Jerusalem as the centre of Jewish faith, and the fact that the city is the seat of the Israeli government.

\n

- **US** - Trump expressed hope for start of the peace process and reiterated his commitment to the two-state solution to the Israel-Palestine conflict.

\n

- The effort to please the core base of pro-Israel hardliners and the overwhelming Jewish population in US cannot be denied.

\n

- But, as with most political developments in the Middle East, a bigger regional game could also be behind.

\n

- This possibly includes a US-Saudi-Israel alliance against Iran, the common enemy.

\n

- **Response** - The UN Secretary General voicing dissent had said that the issue on the holy city must be resolved only through direct negotiations.

\n

- The Islamic world is outraged and many Arab leaders warned it could trigger an upheaval in the already volatile Middle East.

\n

- Palestine has warned of dangerous consequences and said the decision was a declaration of war in the region.

\n

- Neighbouring Jordan and Turkey have cautioned the US and have threatened to cut ties with Israel.

\n

- Militant groups in the region could possibly take aggressive stances.
