## Prelim Bits 02-08-2017

### Committee on Data Protection Framework

\n\n

- \n
- Ministry of Electronics and Information Technology constituted a Committee under the Chairmanship of Justice B N Srikrishna to suggest a draft Data Protection Bill.
- \n
- The Committee will study and identify key data protection issues and recommend methods for addressing them.
- \n
- It will recommend a framework for securing personal data in the increasingly digitised economy and also address privacy concerns.
- \n

\n\n

### Mission XI Million

\n\n

- \n
- It is a joint programme of Ministry of Youth Affairs and Sports and All India Football Federation and FIFA to popularise Football across the country.
- \n
- The programme targets to reach 11 Million boys and girls across the country for promotion of football by 30th September 2017.
- \n
- It is to make football as the sport of choice in India, to encourage children gain healthy habits and learn important life lessons in teamwork and sportsman spirit.
- \n

\n\n

### Panel on Fair Market Conduct

\n\n

\n

- SEBI has constituted a committee headed by T K Viswanathan on 'fair market conduct'.
- The committee has been tasked with suggesting improvements to the existing SEBI norms, fraudulent and unfair trade practices (FUTP).
- It has been specifically asked to look at handling of price-sensitive information during takeovers and aligning of insider-trading rules with provisions of the Companies Act.

\n

\n\n

## **Silver Nanoparticles**

\n\n

\n

- A recent study by Researchers found that incorporation of silver nano particles in packing material can enhance the shelf-life of vegetables and fruits.
- When Silver Nanoparticles are impregnated into cellulosic food packets, they could preserve vegetables at room temperatures for as long as 21 days.
- They have anti-microbial properties and it is capable of controlling the growth of a food-born bacterium called Aeromonas hydrophila.
- They also have an average size of 35 nm, so there is least chance of migration of silver ions into food.
- The method of impregnating it in packaging material is cost effective.

\n

\n\n

## **Earth Overshoot Day**

\n\n

\n

- Earth Overshoot Day (EOD) means the day when human consumption exceeds the earth's capacity in that particular year to regenerate natural resources.

\n

- It is the day the world completely consumes all the natural resources produced that year.  
\n
- It is calculated by Global Footprint Network.  
\n
- August 2, 2017 is the Earth Overshoot Day of the year 2017.  
\n
- Since 1987, the EOD has been moving up the calendar, from December 19 in 1987 to August 2, 2017.  
\n
- Just seven months into the year, the world has consumed all the natural resources, reveals the shocking rate at which environmental degradation is taking place.  
\n

\n\n

## **Global Footprint Network**

\n\n

- Global Footprint Network, founded in 2003, is an independent think tank originally based in the United States, Belgium and Switzerland.  
\n
- It is headquartered in Oakland, California.  
\n
- Its mission is to help end ecological overshoot by making ecological limits central to decision-making.  
\n
- Every year, it produces National Footprint Accounts, which calculate Ecological Footprint and bio capacity of more than 200 countries.  
\n

\n\n

## **Bharatmala Project**

\n\n

- It is an umbrella project under the Ministry of Road Transport and Highways that will subsume unfinished parts of National Highway Development Program (NHDP).  
\n
- It focuses on the new initiatives like development of Border and International connectivity roads, Coastal & port connectivity roads, National Corridors Efficiency improvements, Economic corridors development and others.

\n

- The Public Investment Board has cleared the proposal for Bharatmala Pariyojana Phase-I.
