Freedom on the Net Report 2023

According to the report titled, *Freedom on the Net 2023: The Repressive Power of Artificial Intelligence*, global Internet freedom has declined for the 13th consecutive year.

- **Report** - Freedom on the Net Report, 2023, is an annual survey and analysis of internet freedom around the world.
- **Released by** - Freedom House (Non-Profit Organisation)
- **Current study period** - 2022 to 2023
- **Coverage** - It evaluates Internet freedom in 70 countries, accounting for 88% of the world's Internet users.

Evaluation methods used	Ranking Scale (0 - 100)
<ul style="list-style-type: none">• Internet connectivity restrictions• Blocks on social media platforms• Blocks on websites• Blocks on VPNs• Forced removal of content	<ul style="list-style-type: none">• "0" represents the worst digital repression• "100" represents the highest digital freedom• Iceland scored 94 and tops the list

Digital repression includes shut down Internet service, blocked WhatsApp and Instagram, and increased surveillance in a bid to quell anti-government protests.

Digital repression in India

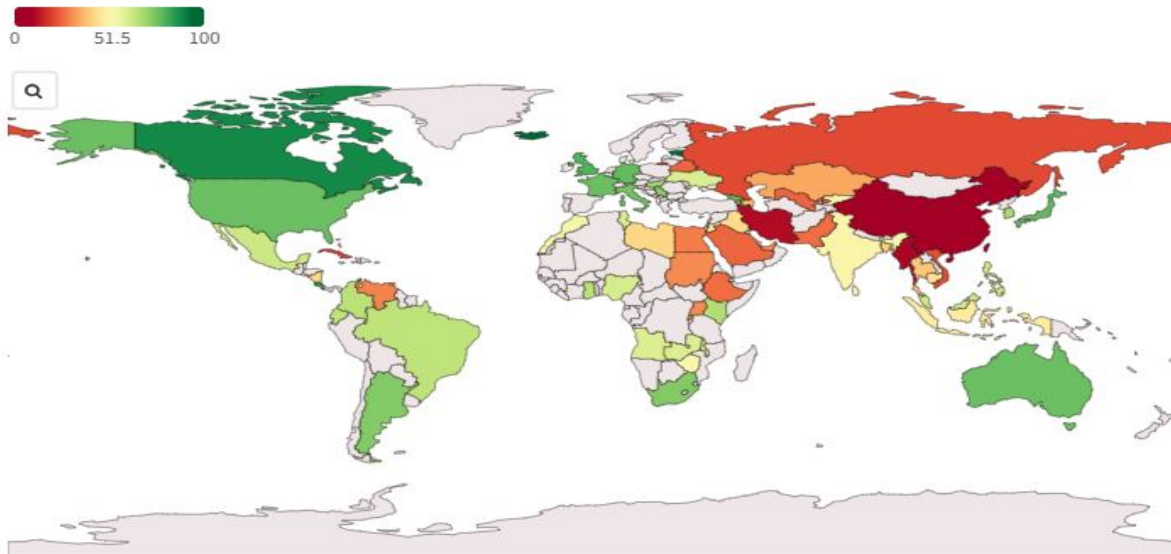

- India scored 50 on the ranking scale.
- India engaged in 4 censorship methods except VPN blocking.

Key findings of the report

- The online human rights have deteriorated in 29 countries, with only 20 countries registering net gains.
- **China is the world's worst** for 9 straight years followed by Myanmar.
- Iran witnesses the sharpest rise in digital repression.

Freedom on the Net 2023

Each country is ranked on a scale of 100 to 0, with 100 representing the most free conditions and 0 the least free.

Nobel Prize for Peace, 2023

The 2023 Nobel Peace Prize has been awarded to Iranian activist Narges Mohammadi “for her fight against the oppression of women in Iran and her fight to promote human rights and freedom for all”.

- **Narges Mohammadi** – An engineer-turned-activist and a human right advocate.
- She became the 2nd Iranian woman after Shirin Ebadi in 2003 and 19th woman to receive peace prize.

Nobel Peace Prize for 2022 was jointly awarded to Belarusian human rights advocate Ales Bialiatski, the Russian human rights organisation Memorial, and the Ukrainian human rights organisation Centre for Civil Liberties.

- **Contribution** – Mohammadi has long campaigned for women's rights and for the abolition of the death penalty.
- She opposed the use of torture and sexualized violence against women political prisoners in Iran.
- She is currently in a detention facility under the charges of spreading anti-state propaganda and defamation and was sentenced to a total of 31 years in prison.
- **Honours/Awards** – She was featured in the BBC's list of 100 inspiring and influential women from around the world.
- Inspired from her work, “Women Life Freedom” was adopted as motto by the

demonstrators for their struggle.

- Awards received by her include
 - 2023 UNESCO/Guillermo Cano World Press Freedom Prize
 - 2023 PEN/Barbey Freedom to Write Award

Some of the previous Nobel Peace laureates include Mother Teresa, Kailash Satyarthi, Malala Yousafzai, Nelson Mandela, Martin Luther King, Barack Obama, and the European Union.

India's 1st Solar City

Sanchi, the historic home of the Stupa, has become India's first 'solar city'.

- **Features** - The 5,572 solar panels spread over an area of 4.98 hectares ensure supply from 9 am to 4 pm.
- The entire solar project in Sanchi will reduce 14,324 tonnes CO2 less per year.
- It currently includes a 3 MW solar plant that caters to the city's energy needs.
- A 5 MW plant for agricultural requirements is also under construction.
- Another similar facility in Gulgaon village, which will house a 5 MW solar facility equipped with 11,722 solar panels is about to come up.
- Madhya Pradesh has also initiated the construction of a 600 MW electricity-producing solar plant on the dam water in Omkareshwar.
- Once completed, Sanchi will become *energy surplus*.

Madhya Pradesh has increased its renewable energy capacity by 11 times, to about 24% of its installed capacity. In the last decade, solar energy capacity has increased by 52 %.

Solar City Programme

- A total of 24 states and union territories have identified cities to be developed as solar cities.
- It comes under the Ministry of New and Renewable Energy (MNRE).
- Each State /Union Territory shall *select at-least one city* under this.
- There is *no separate fund allocation* as funds available under the different existing schemes can be utilized for development of solar cities.
