Remission of Duties and Taxes on Exported Products (RoDTEP) Scheme

Recently, a government official confirmed that there is no relook at duty remission scheme (RoDTEP) needed due to US, EU action of imposing countervailing duties on Indian exports.

- **Announced in** - 2021, initially notified till 2023 now extended until June, 2024.
- **Aim** - To provide comprehensive **support to exporters by remitting duties and taxes** incurred during the production and distribution of exported products.
- **Administered by** - Department of Revenue, Ministry of Finance.

- **RoDTEP Committee's** primary responsibility is to review and recommend ceiling rates for different export sectors.
- **RoDTEP rates notified by** - *Department of Commerce*.
- **WTO compatible** - It *replaced the WTO-incompatible* Merchandise Exports from India Scheme (MEIS) scheme.
- **Budget** - ***For FY 23-24, Rs 15,070 crore*** was allocated to boost exports of items such as pharmaceuticals, organic and inorganic chemicals and articles of iron and steel among other items.
- **Coverage** - Taxes, duties, and levies at the *central, state, and local levels*, which are not refunded through other existing mechanisms.
 - It ***refunds embedded duties and taxes***, such as *VAT on fuel* used in transportation, *mandi tax* and *duty on electricity*.
- Rebate is *based on the allowed % of FOB* (Freight On Board) value of exports and issued in the form of a transferable duty credit/electronic scrip (e-scrip).

Freight on Board (FOB) defines the point in the supply chain when a buyer or seller becomes liable for the goods being transported. Purchase orders between buyers and sellers specify the FOB terms and help determine ownership, risk, and transportation costs.

Countervailing duties (CVDs) are tariffs on imported goods that are imposed to offset subsidies given by the exporting country's government, aimed at protecting the domestic industry.
