Repealing of UGC

\n\n

- \n
 - Ministry of HRD has prepared a bill to repeal apex body University Grants Commission (UGC).
 - \n
 - The bill is named as “Higher Education Commission of India (Repeal of University Grants Commission Act) Bill 2018”.
 - \n
 - It provides for setting up of Higher Education Commission of India in place for UGC.
 - \n
 - The focus of Higher Education Commission of India (HECI) will be on improving academic standards and the quality of Higher Education.
 - \n
 - The new regulator will not have funding powers like its predecessor.
 - \n
 - The grant functions would be carried out by the HRD Ministry, and the HECI would focus only on academic matters.
 - \n
 - It will have powers to **ensure academic quality**.
 - \n
 - It will develop norms for setting standards for opening and closure of institutions, provide for greater flexibility and autonomy to institutions.
 - \n
 - It will lay **standards for appointments to critical leadership** positions at the institutional level irrespective of University started under any Law (including State Law).
 - \n
 - The UGC published lists of bogus institutions. The HECI will be empowered to **shut down substandard/bogus institutions**.
 - \n
 - **End of Inspection Raj** - UGC conducted inspections to assess institutions.

The HECI will practically do away with these and shift to a regime of “transparent disclosures”.

Enlightened Anthropocentrism

\n\n

\n

- Anthropocentrism refers to a philosophical world view where human beings are superior to other living and non-living things.

\n

- It justifies the exploitation of nature for the sake of human welfare.

\n

- Enlightened anthropocentrism is a world view that says humans have ethical obligations towards the environment but those can be justified in terms of obligations towards other humans.

\n

- For instance, environmental pollution can be seen as immoral because it negatively affects the lives of other people.

\n

- Similarly, the wasteful use of natural resources is viewed as immoral because it deprives future generations of those resources.
