Talanoa Dialogue

\n\n

\n

- Enhancing climate action every five years, informed by periodical progress and identifying new opportunities for action, is a fundamental premise of the Paris Agreement on climate change

\n

- The 2018 facilitative dialogue for stocktaking exercises on climate change is called the Talanoa Dialogue.

\n

- The dialogue will assess global progress towards meeting the Paris long-term goals.

\n

- It will also highlight opportunities to step up action, and help spur countries to move forward on enhancing their nationally determined contributions (NDCs) by 2020.

\n

- This dialogue will be launched as a pivotal change, with a new momentum to drive the investment and action needed to achieve a climate resilient future.

\n

\n\n

India's State Action plan on Climate Change

\n\n

\n

- India's State Action Plan on Climate Change is implemented by Ministry of Environment, Forest and Climate change.

\n

- It supports the integration of national climate change goals into subnational policies.

\n

- India has committed to meet its current target of 33% reduction in emission

intensity of the 2005 level by 2030, by generating 40% of its energy from renewables.

\n

- States are important for the realisation of this goal and they are considered as Sub national modules.

\n

- The Under2Coalition, a MoU by subnational governments to reduce their greenhouse gas (GHG) emissions towards net-zero by 2050, is generating a unique precedent for bold climate leadership, with its member states and regions surpassing 200 in number.

\n

- Currently, Telangana and Chhattisgarh are signatories to this pact from India.

\n

\n\n

ISRO's 100th satellite

\n\n

\n

- India is likely to launch ISRO's its indigenously built 100th satellite along with 30 others in a single mission.

\n

- 31 spacecrafts, including weather observation Cartosat-2 series satellite, will be launched by PSLV-C40

\n

- Cartosats are earth observation satellites indigenously build in India.

\n

\n\n

\n

- It will be launched from the first launch pad of the SatishDhawan Space Centre at Sriharikota.

\n

\n\n
