

Theatre Olympics in India

What is the issue?

\n\n

\n

- Starting in Greece in 1995, Theatre Olympics fest has since been held across the world every few years since 1995.

\n

- The 2018 edition will be hosted by India (the first time in the country) and Preparations for the same are on in full swing.

\n

\n\n

What is Theatre Olympics?

\n\n

\n

- Greek theatre director 'Theodoros Terzopoulos' conceptualised Theatre Olympics and it was held for the first time in Delphi, Greece.

\n

- The idea was to gather the best theatre practitioners from around the world and create a forum for exchange — of ideas, cultures, forms and practices.

\n

- It was also to be another kind of exchange, between eras, trying to find a continuum between the past, present and future of theatre.

\n

- The current edition in India is being organised by the National School for Drama (NSD), which is an autonomous body under the ministry of culture.

\n

- This event will see numerous Indian and foreign drama troops performing across multiple cities over the course of the fest.

\n

\n\n

How has Indian theatre fared historically?

\n\n

\n

- India has had a rich theatre history as early as 200 BCE and saw the likes of Kalidasa and Bhavabhuti, Sudraka and Bhasa producing masterpieces.
- Simultaneously, there is an equally fertile landscape produced tribal, subaltern and folk theatre that morphed and thrived down the ages.
- The anti-colonial theatre of the mid-19th century brought in the draconian Dramatic Performances (Prevention) Act of 1876.
- Later, the pre-Independence Left movement generated vital critical energy through the Indian Peoples Theatre Association.
- But our long theatrical tradition hasn't been sufficiently exhibited to our own people and the "Indian theatre needs a push, to become vibrant again.
- Thus, the Olympics being envisaged is not just about bringing international theatre to India but also about brining Indian theatre to Indians.

\n

\n\n

Is the initiative massive?

\n\n

\n

- The itinerary for the program looks huge with 465 productions from 35 countries in 51 days across 17 cities.
- Each production will get up to Rs.1.5 lakh per show besides travel, accommodation and other costs.
- There is also technical support such as sets, lighting, sound and subtitles along with photography, videography and publications.
- Apart from the main plays, there will be ambient performances — tribal, folk, street, puppetry, magic shows — before each show.
- In total, the fest is expected to present roughly 35,000 artistes across India.

\n

\n\n

What are the concerns?

\n\n

\n

- There is considerable concern on how the festival will respond to political dissent, Dalit concerns or other controversial topics.

\n

- Notably, there is no censorship and a mere guideline against “nudity and anti-nationalism” has been provided.

\n

- Plays were selected through a two-tier process and most plays were submitted on DVD, many of which were of poor quality (due to small regional groups).

\n

- The sheer numbers and content diversity often hindered the review process, and also language and cultural barriers got aggravated by distance.

\n

- The review format also tends to neglect thoughtful, text-based plays and also results in loss of context and local traditions, which are lost in translation.

\n

- Notably, Germany has a hefty theatre culture, and each play usually comes with a booklet that gives an overview of the contextual setting and its customs.

\n

\n\n

What can be hoped out of the festival?

\n\n

\n

- Theatre Olympic is a massive effort, but mere massiveness alone can do little to help theatre, although it need not be dismissed completely.

\n

- This event can potentially become the very first theatre census conducted in the country, and can serve as an invaluable research project.

\n

- There will be Catalogues, brochures, papers, videos, a documentary, and live streaming of the recordings of thousands of hours of performances.

\n

- The extensive documentation planned around the Olympics, thus, stands to become its single most significant legacy.

\n

- This will also help in increasing networking of various drama teams and provide the much needed oxygen for the currently struggling art form.

\n

- This event will also boost awareness and therefore theatre infrastructure.
