Union Budget - Announcements for the Education Sector

What does the budget hold for the Education sector?

\n\n

- \n
- Union budget has allocated Rs85,010 crores for the sector for 2018-19.
- \n
- This was less than 4% increase from the previous year's estimate, which was probably because the government didn't have enough fiscal room.
- \n
- The budget has intended to focus on education holistically without segmentation from pre-nursery to Class XII.
- \n
- This would imply that the government is viewing an integrationist approach by merger of several school schemes in the near future.
- \n
- 3% education cess will be replaced with a 4% education and health cess, which is expected to enhance revenue by about Rs.11,000 crores.

What are Ekalavya Schools?

\n\n

- \n
- The union budget has proposed for the comprehensive expansion of the "Ekalavya Residential School" to every tribal majority block in the country.
- \n
- Asserting it's committed to provide the best quality education to the tribal children in their own environment, the budget envisions an ambitious mission.
- \n
- By 2022, it has been targeted that every block with more than 50% ST population and at least 20,000 tribal persons, will have an Ekalavya school.
- \n

- Ekalavya schools will have special facilities for preserving local art and culture, besides sports and skill development initiatives.

What is the RISE scheme?

\n\n

\n

- Revitalising Infrastructure and Systems in Education (RISE) scheme, was launched to revitalize the infrastructure of higher educational institutions.
- RISE scheme will be financed via a restructured “Higher Education Financing Agency (HEFA) that has been constituted as a non-bank finance company.
- HEFA was created to infuse fiscal discipline among government higher educational institutions by giving loans rather than budgetary grants.
- Its purpose is to lend low-cost funds to government higher educational institutions, and will rise Rs1 trillion for the purpose.
- While HEFA was granted a budgetary allocation of Rs250 crores in the current budget, for FY19, an allocation of Rs2,750 crores is envisioned.
- Significantly, the mechanism by which HEFA raises funds and the capacity of institutions to repay loans (taken from HEFA) needs to be closely watched.
