Commission on Other Backward Classes

- The Commission of Sub-categorization of Other Backward Classes was constituted under article 340 of the Constitution with the approval of President on 2nd October, 2017.
- The Commission, headed by Justice (Retd.) Smt. G. Rohini commenced functioning on 11th October, 2017.
- Since then it has interacted with all the States/UTs which have subcategorized OBCs, and the State Backward Classes Commissions.
- The Commission has come to the view that it would require some more time to submit, its report since the repetitions, ambiguities, inconsistencies and errors of spelling or transcription etc appearing in the existing Central List of OBCs need to be cleared.
- Hence the Commission has sought extension of its term by six, that is upto 31st July 2020 and also addition in its existing Terms of Reference, recently union cabinet approved the extension.
- The Cabinet has also approved addition of following Term of Reference to the existing Terms of Reference of the "Commission" -
- The Commission is likely to make recommendations for benefit of marginalized communities in the Central List of OBCs.
- The expenditure involved are related to the establishment and administration costs of the Commission, which would continue to be borne by the Department of Social Justice and Empowerment.

Phasing out HCFC-141 b

- Hydro chlorofluorocarbon (HCFC)-141 b, which is a chemical used by foam manufacturing enterprises and one of the most potent ozone depleting chemical after Chlorofluorocarbons (CFCs) .
- (HCFC)-141 b is used mainly as a blowing agent in the production of rigid polyurethane (PU) foams.
- India had proactively and successfully taken the challenge of complete phase out of Hydro chlorofluorocarbon (HCFC)-141 b, by 1.1.2020.

- In 2019 December, Ministry of Environment, Forest and Climate Change (MoEFCC) brought out a notification in the Gazette of India through which the issuance of import license for HCFC-141b is prohibited from 1st January, 2020 under Ozone Depleting Substances (Regulation and Control) Amendment Rules, 2019 issued under the Environment (Protection) Act, 1986.
- HCFC-141b is not produced in the country and all the domestic requirements are met through imports.
- With this notification, prohibiting the import of HCFC-141 b, the country has completely phased out the important ozone-depleting chemical.
- Nearly, 50 % of the consumption of ozone depleting chemicals in the country was attributable to HCFC-141 b in the foam sector.
- The phase out of HCFC-141b from the country has twin environmental benefits viz. Assisting the healing of the stratospheric ozone layer, and Towards the climate change mitigation due to transitioning of foam manufacturing enterprises at this scale under HPMP to low global warming potential alternative technologies.
