

Withdrawal of US Forces from Syria - II

Click [here](#) for Part - I.

\n\n

What is the issue?

\n\n

\n

- US national security adviser John Bolton recently outlined conditions for a U.S. troop departure from Syria.

\n

- This has given way to the recent tussle between US and Turkey.

\n

\n\n

What is the dispute?

\n\n

\n

- The US national security adviser said the troops would leave the war-torn country after the Islamic State is beaten.

\n

- He also said Kurds, U.S. allies in the fight against the IS, should be protected.

\n

- This contradicts with Trump's insistence that the withdrawal would be immediate and without any pre-conditions.

\n

- Turkish President Erdogan refused to John Bolton's suggestions for an orderly exit and the plan to protect the Syrian Kurds.

\n

- Turkey considers the Syrian Democratic Forces, the official military wing of Syrian Kurdistan, an offshoot of the Kurdistan Workers' Party.

\n

- The Kurdistan Workers' Party is, indeed, deemed a terrorist group by Turkey

and the U.S.

\n

- Turkey sees an autonomous, militarily powerful Kurdistan on the Syrian side of the border as a threat to its territorial integrity.

\n

- But Turkey was limited by U.S. presence in the Kurdish-populated region in pursuing its own military options.

\n

- It is highly likely that Turkey could attack the Kurds as soon as the U.S. troops leave.

\n

\n\n

\n\n

What is the implication?

\n\n

\n

- Tensions were so high that Mr. Erdogan refused to meet Mr. Bolton, who was in Turkey.

\n

- The U.S. is now in a dilemma.

\n

- Its President has announced the withdrawal. But it cannot just exit Syria without considering the existing geopolitical equations in the region.
\n
- Part of the problem is with the way Mr. Trump announced his decision to withdraw troops.
\n
- He should have held talks with the stakeholders, including Turkey, Russia and Kurds, before taking a decision.
\n

\n\n

- He could have at least used his intent to pull out from Syria as a bargaining chip to extract concessions from other countries involved in the civil war.
\n

\n\n

What could be done now?

\n\n

- The U.S. could go ahead with the unilateral pull-out irrespective of what Turkey does.
\n
- This would leave the Kurds at the mercy of Mr. Erdogan and the Turkish troops.
\n
- Otherwise, Trump can wait on his decision and continue to station troops in Syria.
\n
- This can influence, at least partially, the outcome of the civil war.
\n
- But this is unlikely, given his aversion to keeping troops indefinitely in Syria (and other West Asian conflict zones).
\n
- In the third case, the U.S. can stagger the withdrawal and pursue talks with Turkey, Russia and the Syrian government.
\n
- It can try reaching an agreement to guarantee the protection of the Kurds and the defeat of the IS in Syria.
\n
- US should continue to keep diplomatic channels open to ensure that the pull-out is done in an orderly fashion.
