

The Indo-US partnership has its long way routing to strategic, open free, peaceful, inclusive alliance.

The following are the domains which can strengthen the relationship

① Defence: Indo-US have exhibited joint or cooperative, inclusive via information sharing, exchange of military liaison personnel, maritime exercises, training, coproduction of advanced defence equipments. Eg: Malabar Exercise

② SPACE TECHNOLOGY: Practical collaboration of ISRO & NASA for a joint mission by Go 22 towards Earth observatory, moon & planetary exploration. Eg:- World first dual frequency Aperture Satellite

③ CYBER SECURITY:- With information sharing, ~~grow~~ transferring of knowledge & technologies like AI, big data, block chain can enhance the security alliance.

against cyber ransom.

Trade & Investment: - India being the largest global market & growing threat of China, India can attract more of trade & investment which can benefit bilaterally bringing about prosperity, ~~the~~ employment etc.

COVID PHARMACEUTICAL: - US has contributed immensely towards COVID prevention, breakthrough policies, vaccines ^{Intellectual} & knowledge transfer to Indian Drug companies to produce vaccines, therapeutic drugs & medicines.

COUNTER TERRORISM & TRAFFICKING: - The Quad is an best example where fighting counter terrorism as is talked about India & US external affair, planned to share 'Narcotics board' to control illicit drug trafficking.

CLIMATE CRISIS: - SCOP, Clean Energy Agenda 2030 & Financial mobilization towards climate crisis which would scale up India's renewable energy by 450 GW & \$100 billion funding by developed countries in 2026 onwards.

* With growing China Threat,
Quad provides India an opportunity
to exhibit strategic relationship
towards peaceful, open & inclusive
Indo Pacific region.

① US Strategic alliance is much
importance as we are facing
geo, border issues with security
issues & US is also seeing
India as a 'Global Leadership'
by permitting US India in UN
Security Council for 2 year term.
