The establishment of diplomatic relations with India - Japan can help global peace, prosperity. Explain

The year 2022 marks the 70th anniversary of diplomatic relations with Japan. The relationship dates back to 752 AD to the times of Bodhisena.

Establishing global peace and prosperity

The relations between the two countries have grown manifold.

Economy India Japan trade stood at \$11.87 billion at 2019. India is also a

special strategy global partner. India currency

Japan engaged in \$75 billion

swap mechanism during 2019.

Defence Both nations recognize free

and open Indo pacific. Both participate in malabar, Quad and

humanitarian assistance (HADR)

exercises. Some of exercises between

them - JIMEX, Pharma governance,

shinyu maithi.

The UMSC reforms are also underway
between them under the C-4 grouping.

Infrastructure - Japan has extended

loans to Delhi - immediate high speed

freight, dedicated freight corridor,

Delhi number in dedicated corridor

and so on.

Climate Both countries coordinate in

coalition for disaster resilient infrastructure

(CCRI), International Solar Alliance (ISA)

to bring down emissions.

Japan has trade surplus with

India. What can be brought down by us.

Thus a 70 year old partnership must
continue for centuries
