

Q

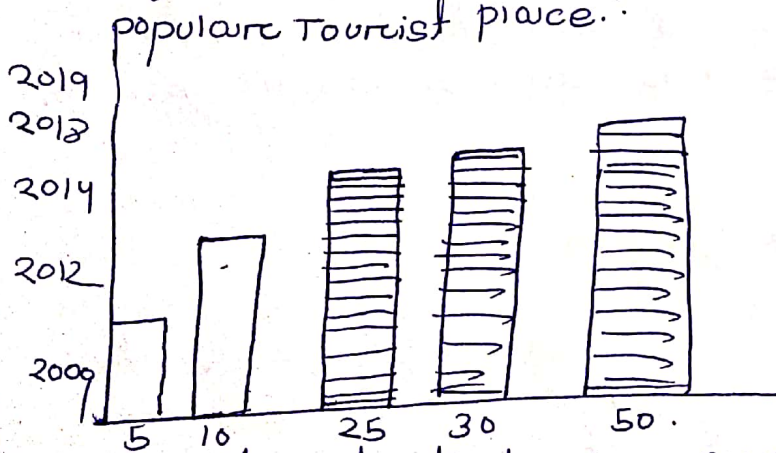

India must draw a lesson from the obliteration of Notre Dam Fire. In this context discuss the relevance of adopt a Heritage project of government of India?

Ans) Notre Dam Fire is a awareness indication towards the Indian Heritage maintenance and protection.

Notre Dam is a historical cathedral of christian located at France. This Notre Dam Fire create a sorrowful message for worldwide.

India is a Heritage and a conservat country because in India so many Heritage place available like, puri, Karmachay, Himalaya, Baranashi etc. it not only attractive Indian people but also worldwide people approach towards it.

UNESCO - United Nations Educational, Scientific and Cultural organization said that "India has most popular tourist place."

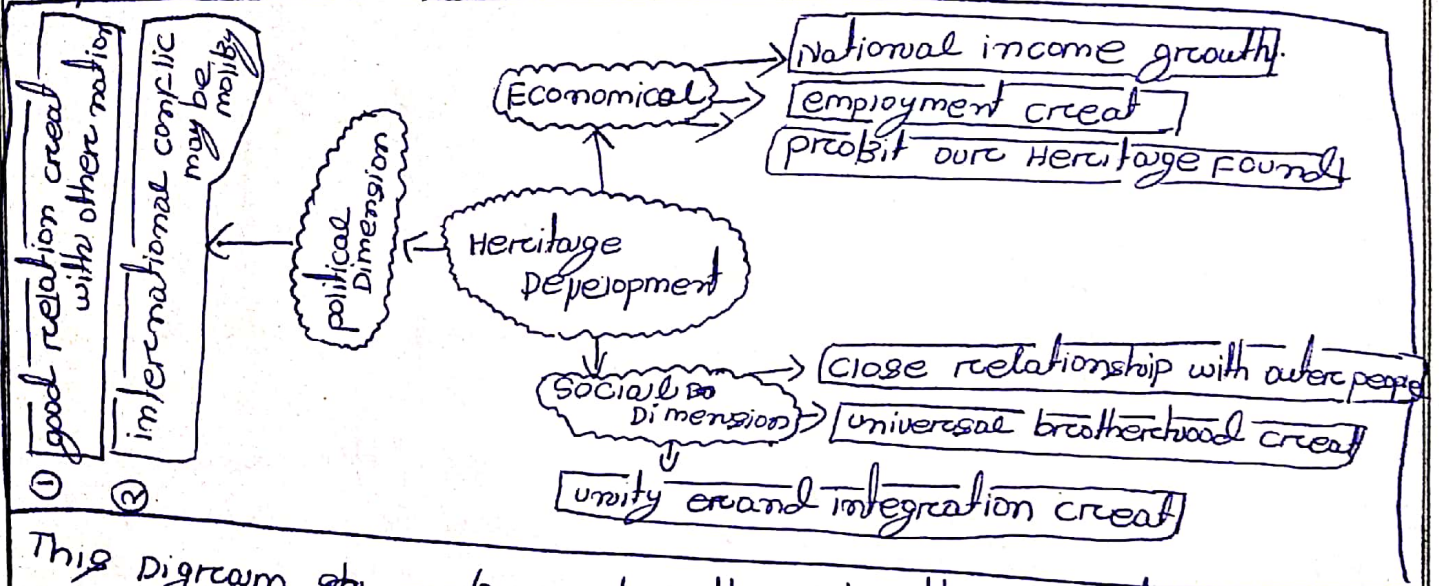

(It is a ratio rate of foreign people come Indian tourist place).

So, Government take most important step towards Heritage development and tourist place because this tourist place decided are economic strength. So Government take step like.

- 1) provide special bond for construction of Heritage place in India.

- ② create well transport road.
- ③ create special force for protection the Heritage place.
- ④ Government establish fire station, police station, Hospital near the tourist place that's why both visitors and tourist place might be safety.

→ Impact on Heritage place or tourist place in india.

This diagram refer to through the heritage development and protection various sector growth.

Economically

- ① employment creat in tourist place.
- ② National income growth

Socialy

Nation ~~country~~ people interact other people that's why universal brotherhood creat.

politically

good relation creat with other nation.

Those were the importance of our Heritage or tourist place. so goverment take important step towards the tourist place or historical things.
