BRICS countries are the growing major economies, disparate ~~on~~ their towards their developments. They contribute for ~~aj~~ major of G.D.P.

Differences among Brics Nations as stated below:—

- India & China face different set of opinions on Terrorism & U.N Reforms
- China's dominating position at U.N security council denying India & Brazil's proposal of expanding U.N security council.
- difference of opinions in between each other in global security.
- Russia's, action against Ukraine inhumane

All these factors are hindering coordination among B.R.I.C.S where the work has to be in important fields such as health, unemployment, climate change,

growing inflation, terrorism etc. — globally.

Benefits of BRICS grouping

NDB established by Brics nations have
lended loans of \$30 billion since 2015 for project

BRICS grouping is open any U.N member
countries

BRICS countries have a common factors
of population, economic developments,
where they can contribute globally.

— The 14th B.R.I.C.S Summit has resolved
in strengthening N.D.B Bank, global good
governance, more representative & participatory, ~~the~~
this can only be achieved through efficient
co-ordination & uniform thoughts among these
nations.
