DECEMBER • MONDAY

Discuss the possible & feasible fiscal strategies that are required for sustaining the economic growth of the country.

Present State :- Amidst the pandemic covid-19 striking bad the economy India has noticed to be a good overall an average performer. Compared to previous financial quarter, there are ~~and even~~ positive growths but GDP growth is negative.

NEEDED :- So we need feasible fiscal strategies to overcome the past mistakes.

- > In part government spent more on capital investment and as well as welfare schemes.
- > Capital But infrastructural growth hasn't proved to be a major changer due to few shortcomings which needs to be critically assessed.

MEASURES :-

① Capital expenditure should be planned out well with low costs.
