

In the recent years, there have been a Persistent decline in poverty in the country,

Do you agree with this view? Comment

→ In post 1960 India faced the severe poverty crisis, After 1960 India could not rate that poverty line

→ In now a days in India poverty line was decline because of the Indian government to come forward and do many steps, the poverty decline rate is ^{relaxed} by world bank

→ In a survey in 132 out 190 countries in poverty rate in India

various steps to take poverty decline
in country :

Swachh Bharath mission : The government could take several steps to clean the country and toilets.

Awas yojana : In this scheme the government will give affordable home to the citizens.

Cooking fuel : The government also gives cooking gas to one year for one cylinder in poverty family.

Way forward :

* India took many steps to ~~increase~~ decrease poverty in country. MGNREGS scheme and also employment rate was increased and the government launch many schemes to control the poverty in country.
